

**APPENDIX I: ADDITIONAL IMPACTS AND MITIGATION
SUMMARY AS A RESULT OF THE PROPOSED PROJECT**

Sunnyside Road Phase Three B Supplemental Environmental Assessment Additional Impacts and Mitigation Summary as a Result of the Proposed Project

<u>Resource</u>	<u>Additional Impacts</u>	<u>Additional Mitigation</u>
Traffic and Transportation	None	None
Land Use	None	None
Socioeconomic	None	None
Cultural Resources		
Historic	None	None
Archaeological	None	None
Visual	None	None
Noise	Three impacted sites. None qualify for mitigation	None
Air	None	None
Natural Resources		
Shrubland	0.06ha (.15ac)	(Mitigation will be the same as identified in the EA and REA except the mitigation areas will be adjusted for the additional area of impact)
Grassland	0.74ha (1.82ac)	
Urban/developed	0.56ha (1.38ac)	
Riparian Forest	0.18ha (0.21ac)	
Wetlands	0.05ha (0.13ac)	
Hydrology, Hydraulics and Water Quality	2 parcels (0.56 ha [1.38 ac]) will be purchased to meet federal, state, and local stormwater requirements for detention and water quality.)	None
Hazardous Materials	None	None
Soils and Geology	None	None
